

## Milan Veljovic

Milan grew up in Split, Croatia. As a child Milan used to spend his summers on the islands of Brac and Hvar. He has always loved the sea, and has spent a number of years rowing with the Split rowing team Gusar (pirates).

In Milan's family sailing has been tradition for generations, so engineering and yachting comes natural.

Milan joined his first boat when he was just nineteen years of age and has since then made yachting his career.

In his spare time you will find Milan spending time with his wife and two little girls. If you are curious about the engineering department, please do not hesitate to ask Milan for a tour of the engine room.
